Blending scale

UP TO 24 BPM*

*Up to 24 BPM (duplex configuration)
Up to 12 BPM (simplex configuration)
**Granted US8,974,109 CA2732030

Accuracy

The two products are blended in the main weighing hopper and top-up is done to accurately reach the final target weight if necessary. Patented innovative design** provides extremely accurate weighing which results in reduced product loss and more profit.

Versatility

Designed to weigh and blend two different free-flowing or semi-freeflowing products into the same bag with a split reaching up to 90%-10%.

Reliability

Option of recordability of the blend for consistent data collection.

Offers homogeneous blend, perfect for refugee seeds, corn seeds, rice and grains.

Bulk materials

Granular

Pellet

Coarse Aggregate

Accuracy

Up to +/- 0.5 oz (15 g) @ 2 sigma

Weight range

5 to 110 lb (2.5 to 50 kg) and 85L

Weigh hopper size

1.6 ft³, 2.3 ft³ (45 and 65 L)

Operating pressure

70-90 PSI

Electrical Requirements

110 VAC, 1 phase, 60Hz

Features

Very high accuracy and high hygienic standards

Homogeneous blend

No mechanical adjustment for product changeovers
(with automatic feeder adjustment option)

Contact parts in SS304

Compact design

Options

Recordability of the blend

Data collector for PC

Automatic feeder adjustment (linear actuator)

Duplex configuration

Tote box filler dust hood

Automatic calibration check

Feed hopper and support structure

Many more

Lifetime

Client Solutions

Premier Tech Client Solutions take a personalized approach to **lifecycle management**, creating enhanced solutions customized to your specific needs that develop your own capabilities and operational habits, and help you achieve and maintain productivity.

The Client Solutions' passionate team acts as a **partner** by maintaining constant collaboration and putting your interests at the heart of daily decisions throughout your equipment's lifecycle.

Our programs are designed to help you reach your highest **Overall Equipment Effectiveness (OEE)** and maximize your **Return on Investment (ROI)** by providing you with the most valuable lifecycle services in the industry focusing on critical areas such as **24/7 technical support, spare parts, field service, training, system assessments and optimization.**
